

## **CMD Corner**

### **Pool Season Extended!**

We hope everyone has enjoyed our great facility this summer and can now enjoy it just a bit longer. This year the pool will be open on Friday, September 7<sup>th</sup>, from 4 to 8 PM and on Saturday and Sunday, September 8<sup>th</sup> and 9<sup>th</sup>, from 10AM to 8PM following Labor Day.

For background, last year the pool opened for 6 days following Labor Day, closing on the following Sunday. Colorado weather can be unpredictable and pool attendance naturally drops off as summer wanes. Last year's pool attendance on the Tuesday, Wednesday, and Thursday following Labor Day didn't justify keeping it open again this year. In the last ten years or so the pool has only been open two or three times past Labor Day. The decisions to remain open were made at the regular August CMD meetings to make a guess at the weather and to give Front Range time to arrange for life guards.

### **Pool Area and Entrance Maintenance and Enhancements**

The CMD has made a number of behind-the-scenes enhancements to our pool area and entrances. At the pool we've purchased and installed an Automatic External Defibrillator (AED). All our life guards are trained in first aid and how to use the AED. A number of maintenance items were accomplished around the pool including some additional landscaping and stone repair near the entrance. The monuments at our secondary entrances were repaired, recaulked, and repainted to fix some existing issues and to prevent future problems. Finally, the CMD is working with the HOA and other community members to address some of the existing concerns with our entrances off Arapahoe Road.

### **Chapparral Metropolitan District (CMD) Information**

The CMD holds its regular meetings at 3 PM on the second Tuesday of the month at the South Metro Fire Station No. 42, 7320 S. Parker Rd, Foxfield, CO.
